The Principal Physician is a board certified internist or family practice physician and would be responsible for providing medical and clinical supervision, including to other physicians in a lower job classification and physician assistants. Duties include, but are not limited to: examining, evaluating and diagnosing clients and prescribes indicated treatment and preventative care based on documented considerable knowledge of the principles and practices of medicine; Demonstrates knowledge of effective treatment planning and ability to put it into practice; Has the ability to effectively evaluate clients' progress and issues during unit rounds and documents interventions and progress; Ability to evaluate need for various test/examinations i.e. laboratory, EEG, EKG etc., order as indicated and make appropriate use of test findings; Orders inside and outside consultations; Make necessary referrals to local general hospitals, as needed. Performs admission and annual physical examinations, within accepted medical guidelines and CVH's Policies and Procedures and the Medical Staff Bylaws, to ensure that client's health issues are evaluated, treated, and documented on a regular basis; Provides 24 on call consultation and including with on call physician/psychiatrists to ensure proper treatment and care of clients and refers to local hospital for treatment; Maintains timely contact with family members of clients with regard to medical condition, outcomes or various treatment including Advanced Directives; Uses professional interpersonal and medical skills to clearly communicate in a compassionate manner; Demonstrates extensive knowledge of medications, potential side effects, drug interactions, and adverse drug reactions; Recommends new medications for treatment via the PNT Committee and facilitates in-service, if requested; Integrates medical services with the services of other departments or disciplines; Willingness and ability to cooperate with psychiatrist to provide coordinated medical care of clients and use feedback from various Medical Directors; Willingness and ability to communicate with nurses or other health care team members in the medical care of clients by keeping them informed of various significant medical problems or unanticipated outcomes; Ability to be involved in clients discharge planning and follow up treatments after discharge with various community providers; Ability to effective members of assigned hospital committees including Total Medical Staff Meetings; Ability to integrate into treatment feedback from other clinicians when addressing client treatment; Provides supervision to staff physicians/physician assistants and collaborates with advance practice registered nurses to ensure continuous quality improvement for client outcomes; Demonstrates knowledge of The Joint Commission standards and other regulatory agency standards to ensure compliance with Medical Staff standards. Applies knowledge of age specific competency directly to clients.

Eligibility Requirement: Successful graduation from a recognized medical school and successful completion of an ACGME accredited residency program in Internal Medicine or Family Practice Medicine. State employees currently holding the above title or those who have previously attained permanent status may apply for a lateral transfer.

General Experience: Incumbents in this class must possess and retain certification in the field of internal medicine, family medicine, or related specialty, from an appropriate medical specialty board.

Special Requirement: Incumbents in this class must possess and retain an unlimited license to practice medicine and surgery in Connecticut. Incumbents in this class must possess and retain certification in the field of Internal Medicine or Family Practice Medicine, from the applicable American Medical Board.

Incumbents in this class must possess and maintain eligibility for participation in federal health care programs (CMS) as defined in 42 U.S. 1320a-7b(f)

Note: The filling of this position will be in accordance with reemployment, SEBAC, transfer, promotion and merit employment rules, if applicable.

Application Instructions:

Due to the large number of lateral transfer forms and applications received, it is extremely important to note the **Position Number (found on the posting)** on the DMHAS Lateral Transfer Request Form (**upper right-hand corner**) and at the bottom of Page One of the State of Connecticut Application for Examination or Employment (CT-HR-12)

To be considered for this position:

1. **DMHAS employees who are lateral transfer candidates** (ex. Utilization Review Nurse applying to a Utilization Review Nurse posting) must submit a completed DMHAS Lateral Transfer Form. Lateral Transfer Request Forms received without a position number will not be processed
2. **DMHAS employees who are promotional candidates** must submit pages 1-7 of the State of Connecticut Application for Examination and Employment (CT-HR-12). The position number must be noted at the bottom of Page One of the State of Connecticut Application (CT-HR-12).
3. **All other Applicants:** Individuals must complete a State Employment Application for Examination and Employment (CT-HR-12). Resumes and Curriculum Vitae can be provided as supplemental information but will only be accepted if attached to a fully completed application.
